Profile

I am a recent Bachelor of Computer Applications (BCA) graduate and a motivated fresher with a strong passion for software development and modern technologies. I have hands-on knowledge of Python, JavaScript, React, Flutter, Django, PostgreSQL, HTML, CSS, Github, and SQL, along with experience building full-stack web and mobile applications. I am familiar with database design, backend development, frontend development, and creating responsive user interfaces. I enjoy learning new technologies, solving real-world problems, and continuously improving my technical skills. I am seeking an opportunity where I can contribute, gain practical industry experience, and grow as a software developer while delivering high-quality solutions.

Skills

 Python

 Javascript

 Flutter

 React

 Github

 Django

Education

Uniglobe SS/College
2019-2021

Completed Higher Secondary Education (+2) in Computer Science with a **3.22 GPA**, establishing a solid foundation in programming concepts and computer science fundamentals.
